

Tobacco Repurchase (TR)

The software application “Commercial Accounting – Tobacco Repurchase” enables monitoring of tobacco repurchase and payments made to tobacco manufacturers.

The application includes several modules for complete registration of:

- Contracts signed with tobacco manufacturers
- Registers of tobacco and settlements
- Received advance payment, natural advance payment, previous years debt, loan, taxes, interests
- Yearly repurchased tobacco
- Tobacco manufacturer’s card
- List of payment made for repurchased tobacco
- Calculation for retroactive increase of tobacco price by classes
- Calculation of retroactive fixed increase of tobacco price

Finally, we would like to note that Elikosoft with its team is available to all clients interested in any kind of information.
